American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis,

Minor Components, and

Pig iron and direct reduced iron.

This procurement is subject to the EPA policy of encouraging the participation of small businesses in rural areas (SBRAs).

The successful bidder will be required to pay not less than the applicable minimum wage rates as established by the Department of Industrial Relations of the State of Ohio.

This project is being funded with monies from USDA Rural Development and House Bill 168.
